

Supplier Registration Process

Business Process Redesign

Better Health, Brighter Future

Takeda Pharmaceutical Company Limited

Key Points To Remember

- (1) All new suppliers must complete Takeda's due diligence & Vendor Master Data process to become a registered entity within Takeda.
- (2) Suppliers will be invited via email to begin the registration process prompting them to register their information on the Ariba Commerce Cloud.
- (3) They will be invited to review a number of Takeda questionnaires to enable them to action any required activities such as participating in an RFX, execution of an agreement or receiving Purchase Order through Ariba Commerce Cloude.

Key Points To Remember

(4) You will receive an e-mail to confirm your bank details in Bank Data Verification Process.

- The process will help us to eliminate risks of any potential frauds,
- The process will help proceed all invoices in a faster way and proceed all payments
- The process applies to all Takeda's suppliers

Please, answer directly to the e-mail, which you received and provide the required Bank Data information. Upon receiving this information, Takeda will be in a position to fully finalize payment transactions. This is a one-time verification and will not require review upon your Bank Data changes.

You can find information about this procedure on our official website here.

Supplier Registration Communication

Hello!

Whether you are a current supplier or a potential one, thank you for registering in Ariba.

You have been invited you to register to become a supplier with Takeda.

Takeda uses Ariba Network to manage its sourcing and procurement activities and to collaborate with suppliers. If test already has an account with the Ariba Network, please sign in with your username and password. If you do not have an account, you can simply create one on the SAP Ariba Network where a registration is free.

Click Here to create account now

The instruction on how to register via Ariba Commerce Cloud is available on webpage:

https://www.takeda.com/what-we-do/suppliers/supplier-registration-process-via-ariba-commerce-cloud/

Takeda's suppliers are very important in Takeda's mission to "strive toward better health for people worldwide through leading innovation in medicine." Given Takeda's global reach, ensuring the sustainable procurement of our goods and services is paramount. As part of Takeda's supplier qualification process we will ask for information about your company or organization to help us determine whether there is an area of the goods or services you are providing that may require further information.

Takeda may request more information from you after you have completed the Registration phase of the process. These requests for information will be based on Takeda's commitment to quality and to corporate social responsibility. There are a few differentways that Takeda may request information.

•It may require returning to Ariba to answer more detailed questions on a particular subject

•It may require creating or sharing a profile in a third party platform, such as Ecovadis or One Trust

It may include a request for an on-site visit

More information can be found on the following link:

Thank you,

Takeda Supplier Management Team

FAQs

Is there a way for suppliers to enter the tool themselves, without being invited by Takeda?

"No. The suppliers will not be able to register themselves on Takeda's Ariba environment without being invited via email." While registering in Ariba, in which languages will the suppliers be able to view the content?

"You will be able to view the standard Ariba content (Ariba Cloud Commerce Profile, Ariba notifications, etc.) in the language that your web browser is set to. You can also customize vour language while registering in Ariba. Questionnaires sent by Takeda will be available in select languages.

Will the suppliers be notified if they have any pending actions?

"Yes. Throughout the entire process, the suppliers will be notified via email, and/or the suppliers will be contacted by Takeda to inform them about the next steps."

Why does my company need to register in Ariba?

"Takeda has chosen this platform for on-boarding suppliers and to engage them in various stages of procurement"

Do the suppliers need to contact Takeda every time they complete any action?

"No. Takeda will automatically be notified via a system notification. You do not need to contact Takeda individually." What is the maximum file size allowed for the attachments in the Takeda questionnaire?

"The maximum file size for the attachment is ² GB and only one file can be uploaded. If you need to upload multiple files, then zip them together and upload them as a single file."

Thank you
